# 新能源的大功率变压器和电感器

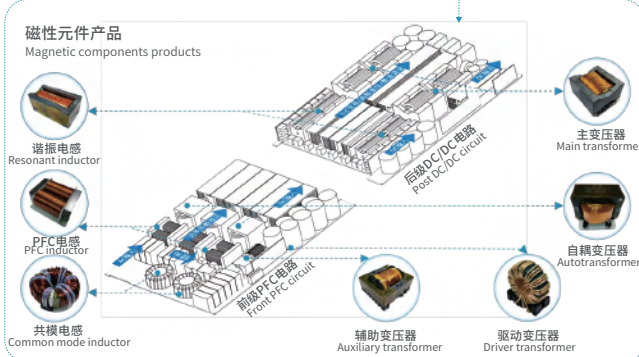

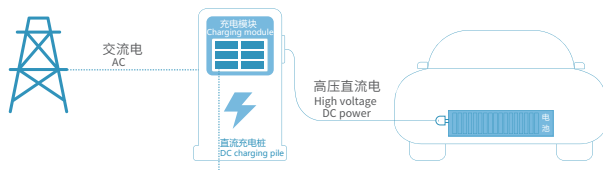

## 磁性元件在新能源汽车领域的应用

Main application of magnetic components in the field of new energy vehicles

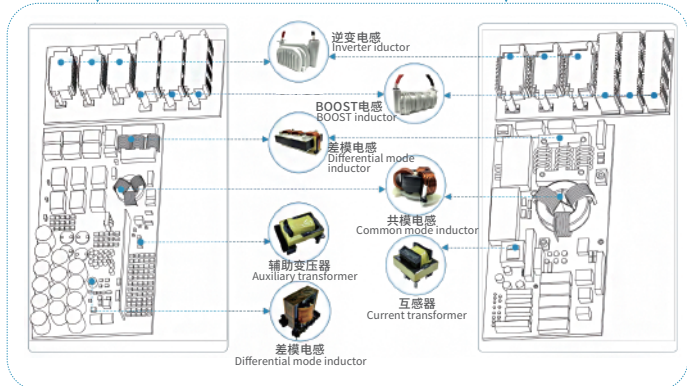

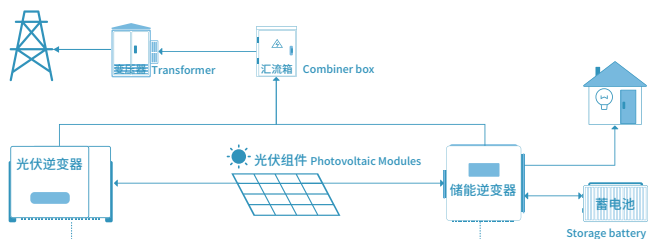

## 充电模块及磁性元件在充电桩领域的应用

Main application of charging module and magnetic components in the field of charging pile

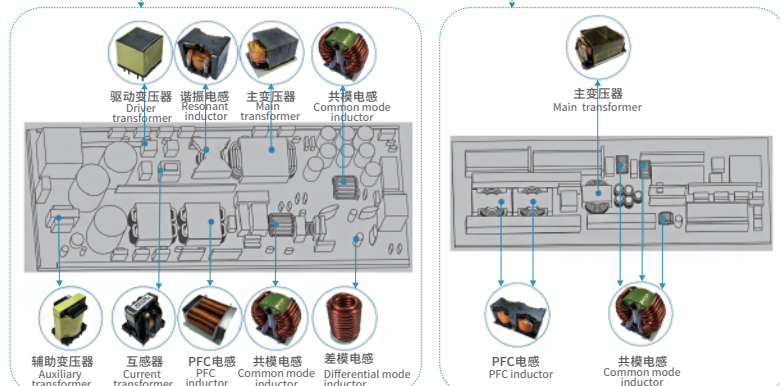

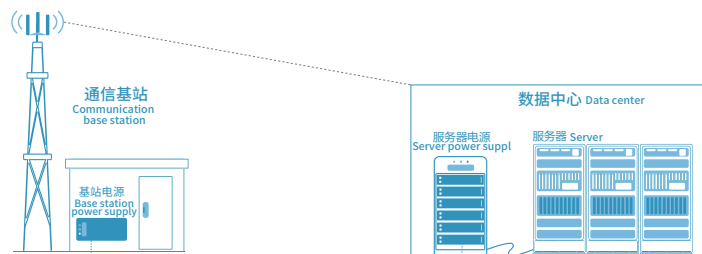

## 磁性元件在光伏储能领域的主要应用

Main application of magnetic components in the field of photovoltaic energy storage field

## 磁性元件在数据通信领域的主要应用

Main application of magnetic components in the field of data communication
